Public & Mail Bid Auction Sale #57

TERMS OF SALE

- 1) A 10% buyers charge will be added to the hammer price of each lot purchased.
 - 2) All bids are per lot as numbered in this catalog.
 - 3) We reserve the right to withdraw any lot prior to sale.
 - 4) All successful bidders shall be billed for postage, handling and insurance. Items sent abroad, not covered by Registered Mail will be billed under our own mail policy and are made at purchaser's sole risk.
 - 5) NASCA reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
 - 6) A NASCA auction bidder expressly waves any claim or right to an accounting, damages or compensation arising out of NASCA's failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
 - 7) United States coins and currency will not, in conformity with law, be opened at less than the face value.
 - 8) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
 - 9) In the case of a tie between the book and the floor, the floor bidder's bid shall take precedence.
 - 10) All bids must be in whole dollar amounts; this includes percentage increases.
 - 11) Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.
 - 12) No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.
 - 13) Payment for purchases is to be made in cash upon receipt of invoice: No lots may be taken away unless paid for in full. A late charge of 1½% per month will be charged on the invoice total if payment is not received within 10 business days of mailing the invoice. Bidders not known to us are required to deposit 25% of their bids in advance.
 - 14) Title does not pass until payment in full is received. NASCA reserves the right to await clearance of any check before making delivery.
 - 15) If a collection agency attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by NASCA shall be borne by the defendant. The signer of a NASCA bid sheet or participant in the auction concedes the jurisdiction of the courts of New York State or the U.S. in Nassau County or New York City. NASCA alone shall elect. The participant in a NASCA auction also assumes both corporate and personal liability for unpaid auction bills.
 - 16) New York State sales taxes shall be levied, as required by law. Dealers and other non-residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
 - 17) NASCA may reopen the bidding on a lot under the following circumstances: 1) NASCA has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the Auctioneer.
 - 18) In the event of any dispute, the decision of the auctioneer is final.
- ### GUARANTEES AND RIGHTS OF RECOVERY
- 19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
 - 20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. NASCA reserves the right to reject frivolous complaints and to take appropriate actions against such bidders under paragraphs 5 and 15 above.
 - 21) All material in this catalog is guaranteed to be genuine unless otherwise described.
 - 22) No lots may be returned by floor bidders except for non-authenticity.
 - 23) Mail bidders may return lots for reasons of non-authenticity or improper description by requesting permission to do so within 5 days of receipt or forty-five days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
 - 24) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (45 days after the sale), notify NASCA of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert, during which period the sales proceeds of the item will be held in escrow. If the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
 - 25) In the event of litigation the plaintiff shall pay NASCA's legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the prime rate at Morgan Guaranty Trust Company from the date of actual disbursement.
 - 26) The same protections applicable here to NASCA apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
 - 27) NASCA assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
 - 28) All bids are payable to NASCA in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice. No payments will be received by NASCA in the form of credit cards for auction sales, catalogs or any dues to NASCA.
 - 29) The placing of a bid in this auction sale shall constitute full acceptance of the foregoing terms and conditions of sale.

The Series B bonds of which this is a part (#4222 of 12000 to be issued) were not to bear a coupon (though warrants are attached), but could exchange them for 100 acres of good land, 200 acres mediocre land and 300 acres of inferior land. - 3214 **State of Mississippi 1833. \$1000 bond due 1857.** Similar to Criswell 3lc. This bond was issued to provide state funds for the Planters Bank of the State of Mississippi. There were 4 series, A to D, totalling \$2 million in groups of \$500,000 each due 1841, 1846, 1851 and 1856. In 1832 the legislature ordered a further issue of \$3 million of bonds Series E and F due in 1861 and 1866 respectively. This bond, part of 1,500 (\$1,500,000) issued of F series is **extremely rare** as most of the certificates are impounded in Europe. In 1841 the bonds which the bank had hitherto paid went into default. Subsequently, the bank disappeared, leaving the state with nothing to show for a \$2 million debt. Since the Union Bank bonds had various legal deficiencies as regards their mode of issue, and since the ruined planters were not eager to tax themselves, all these bonds were repudiated. In 1850 Jefferson Davis ran for Governor, pledging to pay the Planters Bank bonds, as having been properly issued, but he was defeated by Henry Foote largely because of his stand on this matter. In 1875 the people ratified an amendment to the state constitution prohibiting the payment of these bonds even though the state courts had declared them to be valid obligations. The 11th Amendment to the U.S. Constitution prohibits suits for debts against the states in the federal courts, so the bond holders are denied any chance of recovery. **F-VF. A series C bond in lot 140 of our 13th sale brought \$1500. This theoretically more available item should bring (\$600-900)**

Roman (1795-1866) as governor (1831-35; 1839-43) who rammed through legislation making the Louisiana banks the soundest in the nation and helped establish the first public schools in the state. The bond was issued to the City Bank of New Orleans. By 1861 the line ran from New Orleans to Proctorville near Lake Maurice, prevented by swamps from reaching the Gulf. It was torn up in 1862 to furnish iron for Confederate ships. All coupons clipped off, slash cancelled. As in auction 13, when a similar piece fetched \$90. Less than twenty five of these are known. Rare, early and fine. VF-EF. (\$90-150)

- 3223 **Extremely Rare Unlisted Territorial Bond.** (\$450-650)
Extraordinary double bond. [] **Territory of FL,** 1835. \$1000 bond, Cu. Typeset. Series B. Due in 1860. Signed by Jn. H. Eaton (1790-1851) early Jackson supporter. U.S. Senator (TN) 1819-28; U.S. Secretary of War (1829-31). The social quarrel over his wife, Peggy Eaton caused a breach between Calhoun and Jackson and made Martin Van Buren President. Eaton was the Governor of Florida (1847-6), U.S. Minister to Spain (1836-40). C.H. Austin was Treasurer of Florida all the way to the Civil War, Signing State notes in 1862. Blank endorsement on the back signed by John Gamble as President and John Parkhill as Cashier. [] **Agreement form setting forth the fact that the bond has been sold to the Phoenix Bank in New York and allowing the Phoenix Bank to rediscount the bonds in London and to pay the interest there to Thomas Wilson and Company.** In 1833 the Union Bank of Florida was chartered with a capital of \$1 million, later raised to \$3 million. There being no local capital for a bank, the Territorial legislature authorized the issue of \$1 million of bonds (Series A) which the bank was to sell and use the proceeds as capital. In turn, the bank was to pay interest and principal by selling its own stock and from earnings. Two series were issued A (1-500) and B (1-500) issued in 1855 and 1860 respectively. Subsequently another 1.5 million in bonds (Series C, D, E) were illegally sold in Europe for \$1.3 million. The Union Bank's so called capital consisted entirely of stock notes (many not to be paid for twenty years), mortgages on over assessed lands and other worthless considerations. In the meantime the bonds all drifted to Europe, where the high coupon rate and high credit of the United States made them very attractive. After the crashes of 1837, 1839 and 1841, the planters, the Bank and the Territory were all ruined and the bank went into default. Subsequently the bonds were repudiated as having been improperly issued by the Territory in the first place. Appeals to Congress by Baring Brothers on behalf of the European creditors met with no response; the bonds are now formally repudiated at the state level and because of the 11th Amendment, suits for debt against the State of Florida cannot be entertained in the Federal Court. This double bond has the usual rough and frayed edges with petty fold splits, VF.

Since Fisk is reported to have stated that like the "Erie RR locomotives, I always have a tender behind", it is not to be wondered at that he sought promotion in his own Fall River steamboat line of which he made himself an Admiral and in whose uniform he entertained President Grant in 1869 while pumping him about gold before the Black Friday gold corner attempt.
